RAW BEAUTY COSMETICS

CO- FOUNDER

Emerald Marie Vickers, born and raised in Long Island New York, is no stranger to the world of beauty. Her experience working in print and commercial modeling has allowed her to become familiar to the importance of keeping a fresh face.

A prominent Media Correspondent, and published print/commercial model, you can find Emerald interviewing celebrities at the She encourages women to embrace their natural, raw beauty.

RAW BEGINNINGS

Raw Beauty originally came into fruition back in 2017 when two young women, Emerald Marie and Cierra Singh from New York, discovered their need for an all-natural, real product with real results. Each thought of ingredients that would not only improve their skin but also exclude harmful chemicals some mass-produced skincare competitors contain.

After the research and testing of natural ingredients, these two have come together to introduce their skincare secret to the world, Raw Beauty Cosmetics.

"Once my modeling and on-air media career began to thrive, I knew I needed to enhance my skin career regiment.
